

AHEAD

Assistance for Higher Education Admission & Development

Valentino San Gil
President
Guam Football Association

Hafa Adai!

At Guam Football Association, we look to holistically develop our young athletes so that they are equipped to achieve their goals and aspirations in life, whether on or off the football pitch. We recognize the importance of higher education in our athletes' lives and aim to assist where we can to place them in various college programs that fit their academic aspirations, as well as their athletic goals to play at increasingly higher levels.

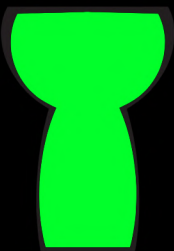

To assist in this regard, Guam Football Association has created a program called AHEAD (Assistance for Higher Education Admission and Development). We want to find ways to place our talented athletes into programs abroad that will challenge them and help them develop on and off the pitch. These same players, when called up to Guam's national teams, will bring different levels of experience and continue to raise Guam's level of competitiveness on the international stage.

We hope to see an increasing number of youth players take advantage of all resources to continue ascending Guam's Elite Player Pathway and that we continue to find ways to support them on their journey.

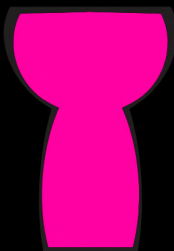

OBJECTIVE

Guam Football Association, with the support from experts, will provide a more in-depth understanding of the college pathway for our youth national program families. We look to establish a sustainable program pathway from the early stages of our national teams to continue playing football at the collegiate level, we well as to enhance the players' development through the value of their academics and life skills with understanding financial management. We hope to raise the standard of our national football teams from their college experiences.

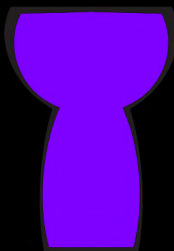

SEVEN PILLARS

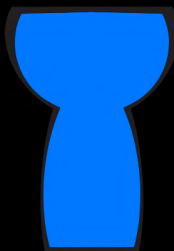

ACADEMIC

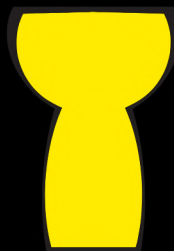

ATHLETIC

**HIGH
PERFORMANCE**

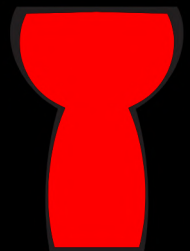

**PLAYER
SUPPORT**

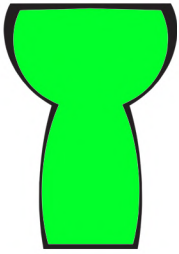

**FINANCIAL
ASSISTANCE**

**PLAYING
OPPORTUNITIES**

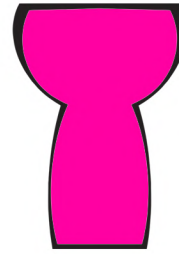

**FAMILY
SUPPORT
GROUP**

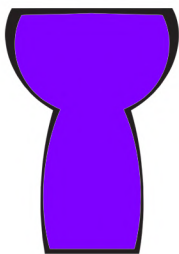

Guam Football Association to provide workshops and seminars to educate students and their parents about requirements needed for admission into colleges and universities, as well as making plans

ACADEMIC

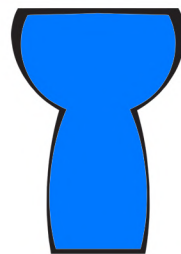

Guam Football Association to provide its youth national team players elite training conducted by internationally licensed coaches in order to prepare players to perform at both the intercollegiate and international level

ATHLETIC

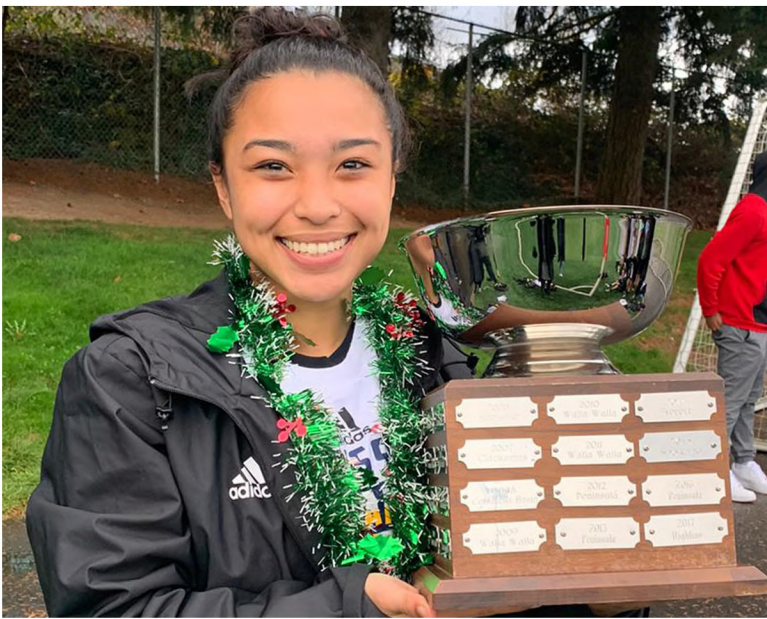

Guam Football Association to provide its youth national team players support with an optimal fitness program designed by a certified High Performance team, as well as periodic nutritional information through materials and workshops

HIGH PERFORMANCE

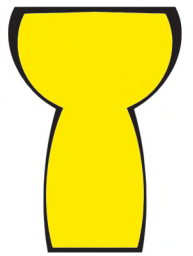

Guam Football Association to provide its youth national team players resources to attract recruiters and college coaches such as potential membership with NCSA (Next College Student Athlete), that provides services for players to find schools most compatible for them and HUDL

PLAYER SUPPORT

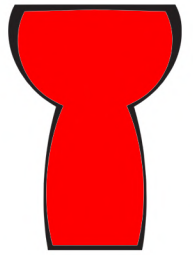

Guam Football Association to host workshops with guest speakers for players and parents to educate them about different resources to help finance college education (FAFSA, grants, scholarships, etc)

FINANCIAL ASSISTANCE

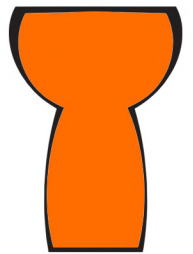

Guam Football Association to organize workshops with players and their families who have successfully matriculated into college programs to share their experiences with the process and level of play abroad

FAMILY SUPPORT GROUP

Guam Football Association to organize training camps and compete in tournaments so players gain experience, as well as informing players of direct opportunities by recruiters and coaches of college programs
